Office of Special Nutrition  
200 "C" St., W.W.  
Washington, DC 20204

Dear Dr. Yetley,  
Please be advised that Jarrow Formulas, Inc. is marketing a product containing a "Structure and Function" statement on the label. According to the notification requirements set forth by the DSHEA (Dietary Supplement Health and Education Act, 1994) legislation, please be advised of the following:

**Name of Product:** Bromelain 1000, 30 tablets and 60 tablets

**Active Ingredient(s):** Bromelain

**Claim(s):** "Proteolytic Enzyme – Natural Anti-inflammatory" – Because of its ability to digest proteins, bromelain affects protein turnover in the body, including those found in joint tissue which may account for its anti-inflammatory effect

**The following disclaimer appears on the label:** These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

These claims are limited to, and a result of, what we believe to be a substantial body of scientific evidence supporting the functional role of these nutrients. A compendium of relative published research substantiating the above statement(s) is on file at the corporate office.

Respectfully submitted,

Siddharth S. Shastri, B.A.,  
Director of Product Development

**Usage:** As a dietary supplement, take 1 to 2 tablets, or as directed by your qualified health consultant. If allergic to pineapples, honeybee stings or olive pollen, use only under supervision of licensed health practitioner.

Bromelain is a protein digesting enzyme naturally present in pineapple sap and stem. Bromelain is classified as a proteolytic enzyme because of its ability to digest proteins. Bromelain affects protein turnover in the body (including proteins found in joint tissue). This may account for Bromelain's anti-inflammatory effect. Bromelain can enhance absorption of nutrients such as glucosamines, sulfur and biotransoids.

These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

## Jarrow FORMULAS™ BROMELAIN 1000

Suitable for Vegetarians  
30 Tablets  
500 mg each  
1,000 GDU per 500 mg tablet

Each tablet contains:
